**National Uniform Company awards contract to Relocation America.**

Established in Eighteen hundreds, this global premium work wear brand has a rich heritage of developing rugged apparel for workers on and off the job. The company has created and manufactured premium work clothing known for exceptional durability, comfort, quality of construction, and fit that you can feel in the fabrics and see in the performance.

Headquartered in the Midwest with more than 3,500 employees worldwide, they are privately owned and managed by the descendants of the company's founder.
