Relocation America enhances their Client and Employee Survey program.

Providing the best service available to our clients and their mobile workforce is crucial to the success of our company. Relocation America has designed a client and employee satisfaction survey system. We receive a 98% rating from our returned surveys, giving us in-depth knowledge of our survey data and helping us identify trends.

Each survey provides insight into our client's expectations and requirements. We use this information to enhance our services and to assist our clients with designing their relocation programs.

About Relocation America

Relocation America is a full service relocation management company located in Southfield, Michigan dedicated to providing innovative relocation services, value-added support, and superior customer service to clients relocating families domestically and internationally. Visit www.relocationamerica.com for more information about their services or contact us at mobility@relocationamerica.com.
